

Joy, IL January 2023 Council Report

Water System

There isn't too much to report this month.

I informed Cahoy to move ahead with the Well 2 project. Some of the parts are 6-8 weeks out.

Britton will be on site this week to replace the bad power supply from the PLC that I mentioned last month. It's possible that the work will be done by the time of tonight's meeting.

Wastewater System

Nothing of note for the wastewater system currently.
